

“At Lawrence Foods, our core competency is producing high quality sweet and savory bakery ingredients for the food-away-from-home, retail and industrial trade through the use of world-class manufacturing and research and development techniques. We needed a world-class 3PL firm to partner with us so that we were not distracted from our core strategic pursuits. That World-Class 3PL partner is AFN®.”

Marketers of Quality Food Products Since 1930
